

Interested to join an innovative, driven team, and to work with worldwide leading customers in the Biotech Industry?

Biotech Sales Specialist

Levitronix is a worldwide leader in ultrapure, low shear material handling and committed to bring innovative products to the Biotech and Semiconductor market. Levitronix offers mixers, single and multi-use pumps with a low shear design for sensitive fluids like cells, mRNA/DNA, LNPs and proteins for the Life Science Market. Levitronix also provides non-invasive Ultrasonic Flow Sensors, perfectly suited for single use disposable applications as well as control systems/modules for convenient operation of its product lines in TFF, transfer, blending and a variety of other bioprocessing applications.

Levitronix is convinced that the success of its innovative products lines in the Life Science and Semiconductor Industry greatly depends upon the quality of customer service which the company can offer to its customers. We are looking therefore for a motivated, technically educated and self driven Biotech Sales Specialist who is able to work with worldwide leading customers in the Biotech Industry for the use of sophisticated Levitronix products in state of the art equipment and applications in the Life Science Market.

Requirements and Qualifications

- Engineering Degree (preferably electrical or mechanical engineering) or Life Science degree
- Experience selling into the biotech industry
- Bioprocess operations experience. Experience and Knowledge in Upstream and Downstream bioprocessing.
- Ability to work independently and enjoying the interaction and communication with other team members and customers. The frequent interactions with customers require strong communication and interpersonal skills.
- The willingness to learn and to work in a fast moving, innovative environment with a demanding customer base is a must.

The home base will be in the US Headquarter of Levitronix in Framingham/MA. The employee's function will involve frequent professional travel, primarily to customers in the US (and there primarily on the Eastern part of the United States), but from time to time also to countries overseas.

Thank you for only applying with the proper skills and educational background.

If you have interest in this exciting opportunity and work with an innovative and dynamic team at Levitronix, please contact Dr. Juergen Hahn (jhahn@levitronix-us.com) for further information.

An Equal Opportunity Employer: Levitronix believes that all persons are entitled to equal employment opportunity. The Company will not discriminate or tolerate discrimination against any employee or applicant because of race, color, creed, religion, genetic information, sex, sexual orientation, national origin, age, status with regard to public assistance, marital or veteran status, disability or any other characteristic protected by local, state or federal law. Equal employment opportunity will be extended to all persons in all aspects of the employer-employee relationship, including recruitment, hiring, training, promotion, transfer, discipline, layoff, recall and termination. Disabled applicants may request any reasonable accommodation needed to enable them to complete the application process.
